Beyond The Frame

Get your photos out of your phone with these creative photo displays.

Create a photo wall: Use removable adhesive strips or hooks to create a gallery wall of your favorite photos. You can mix and match different sizes and frames for a unique look.

Make a photo ladder: Take an old wooden ladder and turn it into a rustic display for your photos. Simply hang your photos from the rungs using twine or ribbon.

Use a clothesline: String up a length of twine or wire and use clothespins to attach your photos. This is a fun way to display Polaroids or other small prints.

Create a photo tree: Find a sturdy branch and mount it to a wall or stand it up in a pot. Use small clips or hooks to hang your photos from the branches.

Display photos in mason jars: Fill mason jars with photos and place them on a shelf or table. You can also add string lights for a cozy touch.

Use a photo grid: Hang a metal grid on your wall and use clips or magnets to attach your photos. This is a great way to create a modern, industrial look.

Create a photo bookshelf: Use bookends to display framed photos on a bookshelf. This is a great way to mix in your favorite memories with your favorite reads.
