Household Hacks

Sometimes the best tools are already sitting in your freezer, pantry, or junk drawer. These clever household hacks may make your life easier.

Freeze Wax or Gum off Surfaces

Ice packs harden messes so they pop right off without scraping.

Tension Rods = Instant Storage

Add a rod under the sink to hang spray bottles, or in closets for extra hanging space.

Remove Wrinkles with Shower Steam

Hang clothes in the bathroom while you shower. No iron needed.

Use Magnetic Strips for Small Metal Items

Stick one inside a cabinet for bobby pins, tweezers, or nail clippers.

Over the Door Organizers

Maximize vertical space without cluttering floors. Good for shoes, cleaning supplies and snacks.

Lint Rollers Invade Tight Spaces

Perfect for crumbs in drawers, couch seams, or car interiors when vacuuming is a hassle.

Use Coffee Filters for Streak-Free Cleaning

Use them on mirrors or screens. They don't leave lint like paper towels.

Invest in Adventure

Purchasing outdoor gear is an investment in adventure, but most of us don't have room for a full-sized kayak in our homes. These options shrink to a size that is easier for transport and storage yet still provides maximum fun. If you're on a budget, many companies offer used or refurbished models.
